EXPERIENCE:

I enjoyed a varied and successful career with a major UK bank spanning 23 years working in business banking, credit and corporate environments. In addition to expertise in structuring finance for SME's I have specialist knowledge and externally accredited in the Property and Care home sectors.

An apprenticeship that shapes the way I approach business to this day and knowledge and experience that I look to bring to my clients.

At PCF we take time to understand our clients business and their financial requirements to deliver bespoke financial solutions that have been structured and priced on the best possible terms.

PERSONAL:

In my spare time I enjoy road cycling, all sport particularly football and I am a season ticket holder at Queens Park Rangers. I am married with four children.

The key to my success is having a dogged determination and adopting a theme of constant improvement.
